Complaint

U.S. DISTRICT COURT
MID. DIST. TENN.

In June the facility at 5115 Harding Pl Core Civic inc had a outbreak of the scabies. Due Core Civic inc allowing females that are brought straight from street with out being screend or sanatzized. By the facility allowing this to occur ive been espodes to scabies i Ich at nite and the Pain is unberable i scratch to the point where there is blood coming out. these facility allowed this to happen. core civic inc also allows there officers to respond to medical emergencies for the females then they come in the unit where were at. They also allow females clothes to be washed with ours with out using bleach. Medical and core civic inc has Put my health at risk along with staff and inmates. Staff members from corecivic inc. came in the unit and said for us to sighn Papers that were not iching or we would be taken to segregation and loss of Good days medical and staff members came in the unit with 6 Pills never said what the Pills were Just said it Provents the scabies there is no such Pill that can Provent in that case they would give to inmates before Entering this facility. Ive filled out sick calls that was not answer Even Dr. Bridges left and refused to treat Patients that had Scabies because he did not want to catch it. And corecivic inc is still allowing females to come in and not being screen this is dilebertyly iddference on medical and core civic inc

they said that there was no confirmed cases out here but we all no that's not true. They locked the facility down 3 days with out Phone calls to tell our family what is going on, and they wouldn't let us take a shower while we was on lock down or we couldn't have visits or Go to court Corecivic inc. And medical could have prevented the outbreak out here and for allowing the spread to make it to court. I'm asking relief in this matter of \$750,000 for the Pain suffering Punitive Damages mental Emotional, Physical Damages.
